Subject: Crediting of Orange Scream

To: STATE AGENCY DIRECTORS - Colorado ED, Iowa, Kansas,  
(Child Nutrition Programs Missouri ED, Montana OPI,  
Nebraska, North Dakota,  
South Dakota, Utah, Wyoming

During the 1999 ASFSA Convention, several of you raised questions about a product called Orange Scream that was exhibited there. I have attached a fact sheet on this product that I got from the manufacturer.

As you can see the product is a 10 ounce milk and orange juice drink. The product contains 8 ounces of fluid milk and 2 ounces of orange juice concentrate.

The national office has advised us that this product does meet the fluid milk requirement and may also be used to meet a 4 ounce serving of full strength juice. The product could, of course, be used to meet both components in a meal.

A number of food service directors in the Metro Denver area asked me about crediting on this item. Dan, could you please pass this memo on to the Metro Directors Association.

If you have any questions, please call the School Programs Staff.

ANN C. DeGROAT

ORANGE SCREAM FACT SHEET  
For all States except California  
MFR Product Number OS101

as of 10/1/

PRODUCT NAME - ORANGE SCREAM LOWFAT MILK & ORANGE JUICE DRINK

PRODUCT DESCRIPTION - an orange juice flavored milk beverage which contains 8 fluid ounces Grade A milk and 2 tablespoons of 41.8 Brix FCOJ. The milk portion is lowfat ( 1% milkfat) supplied by most commercial dairies. The orange juice portion is equivalent to 4 Ozs. USDA standard 11.8 Brix orange juice from concentrate. High fructose corn syrup and sugar sweeteners are added to make a rich, nutrition dense, smooth mouthfeel sweet beverage with distinct OJ flavor. The drink is homogenized/pasteurized to provide at least a 21 day shelf life if it's refrigerated at 40 degrees F. until served.

PORTION SIZE - Each 10 oz. milk package supplies 8 fluid ozs. low-fat ( 1% ) milk fortified with vitamins A and D. Natural orange flavors and annatto food coloring are added.

CASE PACK - 50/10 oz. gable top, pure pack style paper containers. Storage and preparation - store and serve cold at approximately 40 degrees F. If delivered frozen, you defrost and serve liquid.

NUTRIENT ANALYSIS per 10 Oz. Serving as determined by independent dairy and food science laboratories certify the following contents Percent daily values are based on 2000 calorie diet intake:

CONTAINS 40% ORANGE JUICE
